Adventure and fun all in these events!

GIANTS OF THE OCEAN EXHIBITIONS

The giant sperm whale, long whale, and seal skeletons discovered after washing ashore along the coasts of Türkiye and carefully preserved for years have been restored by an expert team and are now exhibited for the first time at Istanbul Aquarium.

GENTOO PENGUIN

It is known as the world's most romantic animal. It lives monogamously until the end of its life.

UNDERSEA EXPLORER VR EXPERIENCE

Dynamic live-action films are synchronized with motion seats to deliver a unique and fully immersive viewing experience.

COWNOSE RAY

Cownose ray has a poisonous stinger on its tail. However, it is generally shy, and does not pose any danger for people.

LEMON SHARK

It is one of the big shark species that can grow up to 3 meters and 250 kg. It uses its electro-receptors on its head to find its preys. It can camouflage in sandy places within tropical waters.

FISH FEEDING

Enjoy watching our expert caregivers feeding our fish.

Nurse Shark and Cuckoo Ray Feeding Location: Panama Canal

Date: At 11.00 am everyday except Mondays
